

Dear Ms Kennedy

Further to my message of yesterday, in which you told me that you had to view **all the assessment documentation**.

I should like to ask you to look at the copies you have received from the Council. Should we both be considering the same set of copies,

ONLY TWO documents are **ASSESSMENTS**. The first produced by Jonathan Keighley in April 2000 and the 2nd produced by Mr Williams in October 2010, of which I sent you copies.

ALL OTHER ARE CARE & SUPPORT PLAN REVIEWS, for which you did not ask and are of no interest to you.

.

You state that '**There was no specific request for care plans**' therefore the Council, in their enthusiasm to please, sent you unwanted documents.

as ever

Karl Hevera

Dear Mr Hevera,

I can confirm again that I asked the Council to provide copies of all the assessment documentation. There was no specific request for care plans as you state in your email.

I considered it necessary to view all the assessment documentation in order to be able to properly consider your complaint, and I informed you that I would do this at the time.

It is not my practice to request any information from the Council which I do not consider necessary as it would serve no purpose to do so.

Yours sincerely

Emma Kennedy
